Every year Green Chimneys staff coordinate a Holiday Bazaar that allows children with special needs – our students – the opportunity to “shop” for gifts for their loved ones. In a festive yet calm and sensory sensitive space, students select and wrap presents. Fostering empathy and generosity in our students is a big part of their therapeutic experience at Green Chimneys. Thanks to your support, we’re helping children experience the act of giving this holiday season. We truly appreciate all of Pretium’s support!
